## CHAPTER 9 CHILD SUPPORT GUIDELINES

**Rule 9.1 Guidelines adopted.** The supreme court has undertaken to prescribe uniform child support guidelines and criteria pursuant to the federal Family Support Act of 1988, Pub. L. No. 100-485 and Iowa Code section 598.21B. The child support guidelines contained in this chapter are hereby adopted, effective January 1, 2018. The guidelines shall apply to cases pending January 1, 2018. [Court Order November 9, 2001, effective February 15, 2002; September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013; July 20, 2017, effective January 1, 2018]

**Rule 9.2 Applicability.** These guidelines are established for use by the courts of this state in determining the amount of child support. The guidelines are applicable to modification of child support orders as provided in Iowa Code section 598.21C(2). [Court Order November 9, 2001, effective February 15, 2002; March 9, 2009, effective July 1, 2009]

**Rule 9.3 Purpose.**

**9.3(1) Purpose.** The purpose of the guidelines is to provide for the best interests of the children by recognizing the duty of both parents to provide adequate support for their children in proportion to their respective incomes. While the guidelines cannot take into account the specific facts of individual cases, they will normally provide reasonable support.

**9.3(2) Low-income adjustment.** The basic support obligation amounts have been adjusted in the shaded area of the schedule for low-income obligated (noncustodial) parents. The objective of the adjustment is to strike a balance between adequately supporting the obligated parent's children and allowing the obligated parent to live at least at a subsistence level. The adjustment is based on the following: (1) requiring a support order no matter how little the obligated parent's income is, (2) increasing the support amount for more children, (3) maintaining an incentive to work for the obligated parent, and (4) gradually phasing out the adjustment with increased income.

*a.* In accordance with this objective, except as provided in *(b)*, only the obligated parent's adjusted net income is used for incomes less than \$1,151.00 in Area A of the shaded area of the schedule. When the obligated parent's adjusted net income is \$1,151.00 or more but is in Area B of the shaded area of the schedule, the guideline amount of support is the lesser of the support calculated using only the obligated parent's adjusted net income as compared to the support calculated using the combined adjusted net incomes of both parents. The combined adjusted net incomes of both parents are used in the remaining (nonshaded) Area C of the schedule.

*b.* In cases of joint (equally shared) physical care, the low-income adjustment is not applicable, and the parents' combined adjusted net incomes as shown in the shaded area of the schedule are used. [Court Order November 9, 2001, effective February 15, 2002; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013]

**Rule 9.4 Guidelines — rebuttable presumption.** In ordering child support, the court should determine the amount of support specified by the guidelines. There shall be a rebuttable presumption that the amount of child support which would result from the application of the guidelines prescribed by the supreme court is the correct amount of child support to be awarded. That amount may be adjusted upward or downward, however, if the court finds such adjustment necessary to provide for the needs of the children or to do justice between the parties under the special circumstances of the case. The appropriate amount of child support is zero if the noncustodial parent's only income is from Supplemental Security Income (SSI) paid pursuant to 42 U.S.C. 1381a. [Court Order November 9, 2001, effective February 15, 2002; March 9, 2009, effective July 1, 2009]

**Rule 9.5 Income.**

**9.5(1) Gross monthly income.** In the guidelines, the term "gross monthly income" means reasonably expected income from all sources.

*a.* Gross monthly income includes traditional or rehabilitative spousal support payments to be received by a party in the pending matter and prior obligation traditional or rehabilitative spousal support payments actually received by a party pursuant to court order. For spousal support payments taxable to the payee and deductible by the payor, the payments shall be added to or subtracted from gross monthly income prior to the computation of federal and state income taxes. For spousal support

payments not taxable to the payee or deductible by the payor, the payments will be added or subtracted after the computation of federal and state income taxes in arriving at net monthly income.

(1) If traditional or rehabilitative spousal support is to be paid in the pending matter, it will be determined first and added to the payee's income and deducted from the payor's income before child support is calculated.

(2) The payor of prior obligation spousal support will receive a reduction from income for traditional or rehabilitative spousal support actually paid pursuant to court order.

(3) Reimbursement spousal support shall not be added to the payee's income or deducted from the payor's income.

b. Gross monthly income does not include public assistance payments, the earned income tax credit, or child support payments a party receives.

c. Gross income from self-employment is self-employment gross income less reasonable business expenses.

d. To determine gross income, the court shall not impute income under rule 9.11 except:

(1) Pursuant to agreement of the parties, or

(2) Upon request of a party, and a written determination is made by the court under rule 9.11.

**9.5(2) Net monthly income.** In the guidelines the term "net monthly income" means gross monthly income less deductions for the following:

a. Federal income tax (calculated pursuant to the guideline method).

b. State income tax (calculated pursuant to the guideline method).

c. Social Security and Medicare tax deductions, or for those employees who do not contribute to Social Security, mandatory pension deductions not to exceed the current Social Security and Medicare tax rate for employees.

d. Mandatory occupational license fees if paid by the individual personally, not by the employer, and if not previously deducted as a business expense on the individual's tax return in arriving at the individual's self-employment or other business income.

e. Union dues.

f. Actual medical support paid pursuant to court order or administrative order in another order for other children, not the pending matter.

g. Cash medical support ordered in this pending matter as determined by the medical support table in rule 9.12.

h. Prior obligation of child support actually paid pursuant to court or administrative order.

i. Qualified additional dependent deductions.

j. Actual child care expenses, as defined in rule 9.11A. This deduction is allowed regardless of whether a variance is granted under rule 9.11A.

Other items, such as credit union payments, charitable deductions, savings or thrift plans, and voluntary pension plans, are not to be deducted from a parent's income, since the needs of the children must have a higher priority than voluntary savings or payment of indebtedness.

[Court Order November 9, 2001, effective February 15, 2002; September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013; July 20, 2017, effective January 1, 2018; November 16, 2018, effective January 1, 2019]

**Rule 9.6 Guideline method for computing taxes.** For purposes of computing the taxes to be deducted from a parent's gross income, the following uniform rules shall be used:

**9.6(1)** An unmarried parent shall be assigned either single or head of household filing status. Head of household filing status shall be assigned if a parent is the custodial parent of one or more of the mutual children of the parents.

**9.6(2)** A married parent shall be assigned married filing separate status.

**9.6(3)** If the parents have joint (equally shared) physical care of their mutual children, an unmarried parent shall be assigned head of household filing status and a married parent shall be assigned married filing separate status.

**9.6(4)** The standard deduction applicable to the parent's filing status under rule 9.6(1), 9.6(2) or 9.6(3) shall be used.

**9.6(5)** Each parent shall be assigned one personal exemption for the parent. The custodial parent shall be assigned one additional dependent exemption for each mutual child of the parents, unless a parent provides information that the noncustodial parent has been allocated the dependent exemption for such child. In cases of joint (equally shared) or split physical care, the dependent exemption(s)

for the mutual child(ren) of the parties shall be assigned according to the order or decree establishing the joint or split care arrangement.

**9.6(6)** If a parent's gross income under rule 9.5(1) is adjusted because of spousal support received or paid by the parent, applicable federal and state tax law determines whether those spousal support amounts are used to increase or decrease the parent's taxable income for computing taxes under this rule.

If the amount of federal and/or state income tax actually paid by the parent differs substantially from the amount(s) determined by the guideline method of computing taxes, the court may consider whether the difference is sufficient reason to adjust the child support under the criteria in rule 9.11. This rule does not preclude alternate methods of computation by the Child Support Recovery Unit as authorized by Iowa Code section 252B.7A.

[Court Order September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013; November 16, 2018, effective January 1, 2019]

**Rule 9.7 Qualified additional dependent deduction.** To establish a qualified additional dependent deduction, the requesting parent must demonstrate a legal obligation to the child(ren) under Iowa Code section 252A.3. Ways to demonstrate a legal obligation to the child(ren) include:

**9.7(1)** By order of a court of competent jurisdiction or by administrative order when authorized by state law.

**9.7(2)** By the statement of the person admitting paternity in court and upon concurrence of the mother. If the mother was married, at the time of conception, birth, or at any time during the period between conception and birth of the child, to an individual other than the person admitting paternity, the individual to whom the mother was married at the time of conception, birth, or at any time during the period between conception and birth, must deny paternity in order to establish the paternity of the person admitting paternity upon the sole basis of the admission.

**9.7(3)** By the filing and registration by the state registrar of an affidavit of paternity executed on or after July 1, 1993, as provided in Iowa Code section 252A.3A, provided that the mother of the child was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child, or if the mother was married at the time of conception, birth, or at any time during the period between conception and birth of the child, a court of competent jurisdiction has determined that the individual to whom the mother was married at the time is not the father of the child.

**9.7(4)** By a child born during the marriage unless the paternity has been determined otherwise by a court of competent jurisdiction.

[Court Order November 9, 2001, effective February 15, 2002; September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013]

**Rule 9.8 Deduction amount and use.**

**9.8(1)** The monthly deduction for qualified additional dependents of a parent (custodial or noncustodial) shall be:

- a. 8% of the parent's gross monthly income (to a maximum of \$800 per month) for one (1) child.
- b. 12% of the parent's gross monthly income (to a maximum of \$1200 per month) for two (2) children.
- c. 14% of the parent's gross monthly income (to a maximum of \$1400 per month) for three (3) children.
- d. 15% of the parent's gross monthly income (to a maximum of \$1500 per month) for four (4) children.
- e. 16% of the parent's gross monthly income (to a maximum of \$1600 per month) for five (5) or more children.

**9.8(2)** The qualified additional dependent deduction can be used for the establishment of original orders or in proceedings to modify an existing order. However, the deduction cannot be used to affect the threshold determination of eligibility for a downward modification of an existing order. After the threshold determination has been met, the deduction shall be used in the determination of the net monthly income. A deduction may be taken for a prior obligation for support actually paid (rule 9.5(8)) or a qualified additional dependent deduction (rule 9.5(9)) but both deductions cannot be used

for the same child. A qualified additional dependent deduction cannot be claimed for a child for whom there is a prior court or administrative support order.

[Court Order November 9, 2001, effective February 15, 2002; September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009]

**Rule 9.9 Extraordinary visitation credit.** If the noncustodial parent’s court-ordered visitation exceeds 127 days per year, the noncustodial parent shall receive a credit to the noncustodial parent’s share of the basic support obligation in accordance with the following table:

<u>Days</u>	<u>Credit</u>
128-147	15%
148-166	20%
167 or more but less than equally shared physical care	25%

For the purposes of this credit, “days” means overnights spent caring for the child(ren). Failure to exercise court-ordered visitation may be a basis for modification. The extraordinary visitation credit shall not reduce support below \$30.00 for one child or below \$50.00 for two or more children.

[Court Order September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013]

**Rule 9.10 Child support guidelines worksheet.** All parties shall file a child support guidelines worksheet prior to a support hearing or the establishment of a support order. The parties shall use Form 1 that accompanies these rules, unless both parties agree to use Form 2. The Child Support Recovery Unit (CSRU) shall use Form 2.

[Court Order November 9, 2001, effective February 15, 2002; September 23, 2004, effective November 1, 2004]

**Rule 9.11 Variance from guidelines.** The court shall not vary from the amount of child support that would result from application of the guidelines without a written finding that the guidelines would be unjust or inappropriate as determined under the following criteria:

**9.11(1)** Substantial injustice would result to the payor, payee, or child(ren).

**9.11(2)** Adjustments are necessary to provide for the needs of the child(ren) or to do justice between the parties, payor, or payee under the special circumstances of the case.

**9.11(3)** Circumstances contemplated in Iowa Code section 234.39.

**9.11(4)** The court may impute income in appropriate cases subject to the requirements of rule 9.5. If the court finds that a parent is voluntarily unemployed or underemployed without just cause, child support may be calculated based on a determination of earning capacity. A determination of earning capacity may be made by determining employment potential and probable earnings level based on work history, occupational qualifications, prevailing job opportunities, earning levels in the community, and other relevant factors. The court shall not use earning capacity rather than actual earnings or otherwise impute income unless a written determination is made that, if actual earnings were used, substantial injustice would occur or adjustments would be necessary to provide for the needs of the child(ren) or to do justice between the parties.

[Court Order November 9, 2001, effective February 15, 2002; September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013; July 20, 2017, effective January 1, 2018]

**Rule 9.11A Variance for child care expenses.** The custodial parent’s child care expenses may constitute grounds for the court to vary from the amount of child support that would result from application of the guidelines. In determining whether variance is warranted under this rule and rule 9.11, the court should consider the fact that child care expenses are not specifically included in the economic data used to establish the support amounts in the Schedule of Basic Support Obligations. When considering a variance, child care expenses are to be considered independently of any amount computed by use of the guidelines or any other grounds for variance.

**9.11A(1)** “Child care expenses” means actual, annualized child care expenses the custodial parent pays for the child(ren) in the pending matter that are reasonably necessary to enable the parent to be employed, attend education or training activities, or conduct a job search, less any third party reimbursements and any anticipated child care tax credits.

**9.11A(2)** There is a rebuttable presumption that there will be no variance for child care expenses attributable to a child who has reached the age of 13 years old.

**9.11A(3)** If variance is warranted, the support order must specify the amount of the basic support obligation calculated before the child care expense variance, the amount of the child care expense variance allowed, and the combined amount of the basic support obligation and the child care expense variance.

**9.11A(4)** This rule does not apply to:

a. Court-ordered joint (equally shared) physical care arrangements, as those child care expenses are to be allocated under rule 9.14(3).

b. Cases where the noncustodial parent's adjusted net monthly income is in the low-income Area A of the schedule in rule 9.26.

[Court Order July 20, 2017, effective January 1, 2018]

### **Rule 9.12 Medical Support Order.**

**9.12(1)** The court shall enter an order for medical support as required by statute. For purposes of Iowa Code section 252E.1A, the table contained in rule 9.12(4) is established for use by the courts of this state in determining reasonable cost for a health benefit plan and a reasonable amount in lieu of a health benefit plan (cash medical support). The sum certain dollar amount determined shall be stated in the order, as an amount in addition to the child support amount.

**9.12(2)** Refer to the table in rule 9.12(4) to determine if the parent has health insurance available at "reasonable cost." Find the appropriate cell for the parent's net income (as determined by the guidelines) and for the correct number of children. Multiply the parent's gross income by the percentage in that cell. If the amount is equal to or more than the cost of the child(ren)'s portion of the health insurance premium (family cost minus single cost), it is available at "reasonable cost." For minimum orders in low-income Area A (NCPs with net incomes 0 – 1150), cash medical support is not ordered.

**9.12(3)** If neither parent has health insurance available at "reasonable cost," if appropriate according to Iowa Code section 252E.1A, the court shall order cash medical support. Refer to the table in rule 9.12(4) to determine the amount of cash medical support. Find the appropriate cell for the parent's preliminary net income (gross income minus all appropriate deductions other than cash medical support in the pending matter) and for the correct number of children. Multiply the parent's gross income by the percentage in that cell to get the cash medical support amount. For minimum orders in low-income Area A (NCPs with net incomes 0 – 1150), cash medical support is not ordered. Cash medical support is also not ordered if a parent is ordered to provide health insurance and that parent or stepparent of the child(ren) has obtained insurance coverage for the child(ren). If the child(ren)'s health care coverage is through the Healthy and Well Kids in Iowa program (hawk-i) under Iowa Code chapter 514I, the ordered amount of cash medical support is the cost of the hawk-i premium or the amount calculated pursuant to the table in rule 9.12(4), whichever is less.

Use the adjusted net income (preliminary net income minus the amount of cash medical support in the pending matter) for the correct number of children on the Schedule of Basic Support Obligations to find the appropriate amount of child support. Once the adjusted net income has been determined, do not allow another deduction for cash medical support.

**9.12(5)** “Uncovered medical expenses” means all medical expenses for the child(ren) not paid by insurance. In cases of joint physical care, the parents shall share all uncovered medical expenses in proportion to their respective net incomes. In all other cases, including split or divided physical care, the custodial parent shall pay the first \$250 per year per child of uncovered medical expenses up to a maximum of \$800 per year for all children. Uncovered medical expenses in excess of \$250 per child or a maximum of \$800 per year for all children shall be paid by the parents in proportion to their respective net incomes. “Medical expenses” shall include, but not be limited to, costs for reasonably necessary medical, orthodontia, dental treatment, physical therapy, eye care, including eye glasses or contact lenses, mental health treatment, substance abuse treatment, prescription drugs, and any other uncovered medical expense. Uncovered medical expenses are not to be deducted in arriving at net income.

**Rule 9.13 Stipulation for child and medical support — court review.** A stipulation of the parties establishing child support and medical support shall be reviewed by the court to determine if the amount stipulated and the medical support provisions are in substantial compliance with the guidelines. A proposed order to incorporate the stipulation shall be reviewed by the court to determine its compliance with these guidelines. If a variance from the guidelines is proposed, the court must determine whether it is justified and appropriate, and, if so, include the stated reasons for the variance in the order.

**Rule 9.14 Method of Computation.** To compute the guideline amount of child support, first compute the adjusted net monthly income, then proceed to either the Basic Method of Child Support Computation grid or the Joint (Equally Shared) Physical Care Method of Child Support Computation grid, as appropriate. For split or divided physical care, refer to rule 9.14(4). The following grids illustrate how the worksheets are to be completed.

**9.14(1)** The steps to arrive at the adjusted net monthly income are shown below in the adjusted net monthly income computation grid.

**9.14(3) Joint physical care.** In cases of court-ordered joint (equally shared) physical care, child support shall be calculated as shown below in the Joint (Equally Shared) Physical Care Method of Child Support Computation grid. Offset is a method of payment of each parent’s guideline amount of child support and the net difference shall be paid by the party with the higher child support obligation unless variance is warranted under rule 9.11. An allocation between the parties for payment of the child(ren)’s expenses ordered pursuant to Iowa Code section 598.41(5)(a) is an obligation in addition to the child support amount calculated pursuant to this rule and is not child support.

**9.14(4) Split or divided physical care.** In the cases of court-ordered split or divided physical care, child support shall be calculated in the following manner: determine the amount of child support required by these guidelines for each party based on the number of children in the physical care of the other party; offset the two amounts as a method of payment; and the net difference shall be paid by the party with the higher child support obligation unless variance is warranted under rule 9.11.

**9.14(5) Health insurance premium.** In calculating child support, the allowable child(ren)'s portion of the health insurance premium is prorated between the parents and used to adjust the basic support obligation as provided in this rule.

*a.* This subrule applies if the parent is ordered to provide health insurance for the child(ren) in the pending action and it is either deducted from wages of the parent or stepparent or paid by the parent or stepparent.

*b.* The allowable child(ren)'s portion of the health insurance premium will be calculated as follows:

(1) For a health benefit plan covering multiple individuals, including the child(ren) in the pending action, the allowable child(ren)'s portion is the amount of the premium cost for such coverage to the parent or stepparent that is in excess of the premium cost for single coverage, divided by the number of individuals enrolled in the health benefit plan, excluding the person providing the insurance, and then multiplied by the number of children who are the subject of the pending action.

(2) For a health benefit plan covering only the child(ren) in the pending action, the entire premium will be used as the allowable child(ren)'s portion of the health insurance premium.

*c.* However, a health insurance premium is not prorated and used to adjust the basic support obligation if the basic support obligation is in low-income (shaded) Area A of the schedule in rule 9.26 unless variance is warranted under rule 9.11.

*d.* If the child(ren) is (are) covered by the health insurance of a stepparent, the allowable child(ren)'s portion of the health insurance premium will be prorated between the parents and used to adjust the basic support obligation unless a parent objects. If a parent objects, the court will decide the issue based on its determination of whether it would be equitable to the parties and the child(ren).

**9.14(6) Step-down provisions.** For cases with multiple children, the support order shall include a step-down provision to automatically adjust the child support amount as the number of children entitled to support changes, unless subsequently modified by the court.

[Court Order September 23, 2004, effective November 1, 2004; March 9, 2009, effective July 1, 2009; May 9, 2013, effective July 1, 2013; July 20, 2017, effective January 1, 2018; November 16, 2018, effective January 1, 2019]

Schedule of Basic Support Obligations

**Iowa**  
**Schedule of Basic Support Obligations**

- Area A:** Except as provided in 2, only the noncustodial parent’s income is used in Area A  of the shaded area (\$0 to \$1150) in accordance with the low-income adjustment.

**Area B:** Two calculations are required in Area B  of the low-income shaded area (between \$1151 and \$1800 for one child, between \$1151 and \$2150 for two children, between \$1151 and \$2350 for three children, between \$1151 and \$2400 for four children, and between \$1151 and \$2650 for five or more children).

Calculation 1 is the same as the Area A calculation.

Calculation 2 uses the parents’ combined incomes.

The guidelines amount is the lower of the two calculations.

**Area C: Nonshaded area.** The parents’ combined incomes are used in the remaining (nonshaded) area of the schedule.
- In joint (equally shared) physical care cases, regardless of whether a parent is low income, use the parents’ combined incomes in the shaded and nonshaded areas of the schedule.
- For combined net monthly incomes above \$25,000, the amount of the basic support obligation is deemed to be within the sound discretion of the court or the agency setting support by administrative order but shall not be less than the basic support obligation for combined net monthly incomes equal to \$25,000.
